COMPOSER

FILM / TV / GAMES

PERSONAL PROFILE

Hannah Barnett is a composer for film and television with a bold and innovative method to composing, combining contemporary elements with experimental sounds and live recordings to create imaginative and original scores.

I am an expert in Logic Pro X, have regularly worked in Cubase, also with experience in ProTools. I have excellent attention to detail, ability to meet tight deadlines, as well as having a positive attitude and I'm fun to get along with! My recent assisting work has included mixing demos and preparing ProTools sessions.
